This luxurious property on an impressive 930 m² plot could be your dream come true!

With a beautiful, large 5x10 meter pool, standard-equipped for a heat pump, you can enjoy warm water year-round – perfect for long, relaxing days under the Spanish sun.

The villa is built to your specifications – from start to finish, you're in control.

The standard layout includes 4 spacious bedrooms, 3 bathrooms, and a large, light-filled living room seamlessly connected to a modern kitchen.

The expansive windows in the living area create magical natural light and open up to a stunning terrace – ideal for enjoying sunsets or hosting unforgettable dinners under the stars.

The master suite is pure indulgence, featuring a walk-in closet and an en-suite bathroom that adds a luxurious touch.

And it doesn't stop there!

Extras you can choose:

Would you like a rooftop terrace to enjoy breathtaking views of the salt lake and mesmerizing sunsets?

Or underfloor heating throughout the villa? Here, you can have everything just the way you want it.

For the eco-conscious, the villa is even prepped for solar panels, so you can harness the sun's energy year-round, saving both the environment and your wallet.

The quality is, of course, top-notch, built by a Danish company with insulation that keeps the villa cool during summer
